PERGAMON PRESS, OXFORD

CONTENTS — СОДЕРЖАНИЕ

<i>B. I. Danченко, О рациональных составляющих мероморфных функций и их производных</i>	241
<i>E. P. Dolžhenko and Kh. M. Makhmudov, On rational approximations of the functions of complex variable integrable over plane domains</i>	257
<i>P. K. Jain and D. P. Sinha, On Markuševič decompositions of Banach spaces</i>	265
<i>K. Yu. Osipenko, On the Lebesgue constants for interpolation of analytic functions</i>	277
<i>V. A. Rodin, The space BMO and strong means of Fourier series</i>	291
<i>S. Thangavelu, Summability of Laguerre expansions</i>	303
