BPA

Turbomachinery International is published for key management and engineering personnel in turbomachinery-using industries. Our editorial content is aimed at

keeping our readers informed of all important developments in the field. We provide concepts, technical details and business developments to enable our readers to share the experiences of others as to systems, approaches and equipment that have proven valuable, and to stimulate new approaches to energy conversion. Publisher makes no guarantees or recommendations concerning any process, procedure or device described herein.

Turbomachinery International is published seven times a year (six magazine issues and one handbook) by Business Journals, Inc. Executive and Editorial offices, 50 Day Street, Norwalk, Connecticut, U.S.A. 06854. Volume 35, Number 4. Copyright © 1994 by Business Journals, Inc. Second Class postage paid in Norwalk, Connecticut and at additional mailing offices. (USPS 871-500. ISSN 0149-4147). Turbomachinery International is available on microfilm from University Microfilms International, 300 North Zeeb Road, Ann Arbor, Michigan, U.S.A. 48106. **Postmaster:** Please send address changes to Circulation Manager, Turbomachinery International, P.O. Box 5550, Norwalk, CT 06856-5550 U.S.A.

On the cover: Views of turbomachinery, from finely-crafted components, to assembled engine ready for installation, to a power plant in full operation.

How to Use the Handbook

Here is your 1994 edition of the **Turbomachinery International Handbook**.

The **Features** section, beginning on page 7, provides insights into the past, present and future of the turbine industry.

The alphabetical **Company Index**, beginning on page 37, provides complete information on every company listed in the handbook.

The **Category Index** on page 36 tells where to find product/service listings.

The alphabetical **Engineering & Consultant Guide**, beginning on page 82, provides information on engineering and consulting companies.

Equipment Specifications are in sections 1-3. Refer to the Table of Contents on this page to find the specifications in each section.

Our popular **Maintenance, Overhaul & Repair Wall Chart** begins on page 195.
