1. Journal of Heterocyclic Chemistry
2. Heterocycles
3. Heterocyclic Communications

In addition to these specialized journals, research papers on heterocyclic chemistry are being published in journals devoted to organic chemistry. There are three continuing series in heterocyclic chemistry:

1. Advances in Heterocyclic Chemistry (edited by A. B. Katritzky, Academic Press)
2. Chemistry of Heterocyclic Compounds (edited by E. C. Taylor, John Wiley)
3. General Heterocyclic Chemistry (edited by E. C. Taylor, Wiley-Interscience)
