

VOLUME 12 NUMBER 12 1988

TITLE PAGE, VOLUME CONTENTS AND AUTHOR INDEX FOR VOLUME 12 ARE BOUND IN AT THE BACK OF THIS ISSUE

# Nonlinear Analysis

**Theory, Methods & Applications**

An International Multidisciplinary Journal

EDITOR: V. LAKSHMIKANTHAM  
University of Texas at Arlington

**Pergamon Press**

**Oxford · New York · Beijing · Frankfurt  
São Paulo · Sydney · Tokyo · Toronto**

# NONLINEAR ANALYSIS

## THEORY, METHODS & APPLICATIONS

VOLUME 12 NUMBER 12

1988

### CONTENTS

- |                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
