**Biopesticides**

---

**Plastics recycling**

---

## NEWS

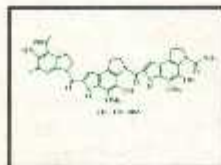

Science funding worries... Food safety proposals...  
PCP ban supported... More drug mergers... Lords waste  
proposals rejected... OECD acts on accidents... ICI keeps it up...  
Caustic Ciba-Geigy sees slowdown... soda deficits...  
Radiation fines... HSE lacks funds... 466

## NEWS REPORT

**AIDS drugs**  
Rudy Baum describes how rational drug design is being used to  
produce agents that might be effective against the viruses that cause  
AIDS. 471

## CONFERENCE REPORT

**Heterocyclic chemistry**  
Trevor Laird reports on the RSC's ninth  
heterocyclic chemistry symposium which  
included the syntheses of analogues of an  
antitumour antibiotic and of novel analgesics. 472

## RECYCLING

**Plastics Recycling Takes Off in the USA**  
In the second of two articles, Charles Kline looks at alternatives to  
plastics recycling, but he argues for the development of a recycling  
infrastructure as the key to efficient use of plastics. 483

**Recovering Polypropylene From Waste Batteries**  
Gus David of Cookson Plastics describes how  
polypropylene is recovered from waste batteries  
and how the quality of the recycled plastic can  
be improved. 487

## PUBLIC RELATIONS

**Restoring the Image of the Chemical Industry**  
James Lindheim of Burson-Marsteller Public Relations suggests a new  
public relations strategy for the UK chemical industry to help it combat  
its major decline in public esteem. 491

## NEWS REPORT

**UK chemical trade**  
John Aczel discusses the UK chemical industry's export performance  
for the first quarter of 1989. 474

## LAW FILE

**Women at work**  
Greville Janner describes the main rules which protect women at work,  
including anti-discrimination, equal pay and maternity rights. 477

## AGRICULTURE

**Biopesticides: The Next Revolution?**  
Recent developments may result in sufficient  
improvements to biopesticides to make them a  
real alternative to chemical crop protection. CPL  
Scientific's Stephen Lisansky looks at the future  
prospects for biopesticides. 478

## BOOK REVIEWS

Adhesion and adhesives... microbial processes... gums and stabilisers  
for the food industry... risk assessment of chemicals in the  
environment... and environmental protection of the North Sea. 495

Management committee J C L Cox (chairman), D E Bays, A J B Spaul.  
Editorial advisory board R de B Ashworth, J Counsell, E R Dennis, J Gregory, D Hands,  
J F Kennedy, R E Malpas, L McGrath, R H Prince, S Shoop, J M Sidwick,  
R Smelt, A Wiseman.

**Chemistry and Industry**  
(ISSN 0009-3068) is published semi-monthly by the Society of Chemical Industry, 14-15  
Belgrave Square, London SW1X 8PS. All orders, accompanied with payment, should be sent  
directly to the Society of Chemical Industry, The Distribution Centre, Blackhorse Road,  
Letchworth, Herts SG6 1HN, England. Annual subscription rate for 1989: UK £128.00 Rest of  
the world (excl Japan) £152.00, USA \$245.00. Air freight and mailing in the USA by  
Publications Expediting Inc, 200 Meacham Avenue, Elmont, New York 11003. USA Postmaster:  
send address changes to Chemistry and Industry, Publications Expediting Inc, 200 Meacham  
Avenue, Elmont, New York 11003. Second class postage paid at Jamaica, New York 11431. All  
other despatches outside the UK by bulk airmail within Europe, accelerated surface post outside  
Europe. Printed in the UK by Strange the Printer Limited, Streatfield Road, Heathfield, East  
Sussex TN21 8HX, and at Granville House, 112 Bermondsey Street, London SE1 3TX.
