Volume 32, numéro 6, December 2005

## Engineering materials

ARTICLE

Ashraf M. Ghaly and James D. Cahill IV 1075-1081

## Environmental engineering

ARTICLE

Bonnie Dong, Christopher Kennedy, and  
Kim Pressnail 1051-1063

## Hydrotechnical engineering

ARTICLES

Galip Seckin and Serter Atabay 1015-1029

Richard Turcotte, Anne-Catherine Favre,  
Pierre Lacombe, Charles Poirier et  
Jean-Pierre Villeneuve 1039-1050

Dongcheng Li, Vijay Panchang,  
Zhaoxiang Tang, Zeki Demirbilek, and  
Jerry Ramsden 1082-1092

David V. Bonin and Donald H. Burn 1114-1123

ERRATUM

A.S. Ramamurthy, Junying Qu, and  
Diep Vo 1170

## Structural engineering

ARTICLES

Burong Zhang and Brahim Benmokrane 1064-1074

## Matériaux d'ingénierie

ARTICLE

Correlation of strength, rubber content, and water to  
cement ratio in rubberized concrete

## Ingénierie de l'environnement

ARTICLE

Comparing life cycle implications of building retrofit and  
replacement options

## Hydraulique

ARTICLES

Experimental backwater analysis around bridge waterways

Estimation des débits sous glace dans le sud du Québec :  
comparaison de modèles neuronal et déterministe

Evaluation of an approximate method for incorporating  
floating docks in harbor wave prediction models

Use of tree ring reconstructed streamflows to assess  
drought

ERRATUM

Erratum: Volume of fluid model for an open channel flow  
problem

## Ingénierie des structures

ARTICLES

Large model test of prestressed carbon fibre reinforced  
polymer ground anchors

*Continued on inside back cover / Suite au verso*

**Front cover:** Testing and construction (left to right; top to bottom) of  
the world's first ductile canopy for a new light rail transit station in Cal-  
gary, Alberta (see Adeeb et al. in this issue, pp. 1152-1165)

**Page couverture :** Essai et construction (de gauche à droite; de haut  
en bas) de la première marquise ductile au monde pour une nouvelle  
station du métro léger à Calgary, Alberta (voir Adeeb et al. dans ce  
numéro, pp. 1152-1165)
