EDITORIAL

Don Mavinic iii-vi

Construction engineering

ARTICLES

Sangyoub Lee, Daniel W. Halpin, and
Hoon Chang 219-226

Jongsoo Choi and Donald Harmatuck 266-277

Engineering materials

NOTE

P.J. Tumidajski, L. Fiore, T. Khodabocus,
M. Lachemi, and R. Pari 343-346

Environmental engineering

ARTICLE

D.G.M. Senevirathna, G. Achari, and
J.P.A. Hettiaratchi 240-244

Hydrotechnical engineering

ARTICLES

Ibrahim El-Baroudy and
Slobodan P. Simonovic 255-265

Nicolas Lauzon and Barbara J. Lence 294-306

J.A. Harris and B.J. Adams 307-318

ÉDITORIAL

The "Art" of Plagiarism / L'« art » du plagiat

Ingénierie de la construction

ARTICLES

Quantifying effects of accidents by fuzzy-logic- and
simulation-based analysis

Post-operating performance of construction mergers and
acquisitions of the United States of America

Matériaux d'ingénierie

NOTE

Comparison of the cement efficiency of two type GU
cements

Ingénierie de l'environnement

ARTICLE

A laboratory evaluation of errors associated with the
determination of landfill gas emissions

Hydraulique

ARTICLES

Application of the fuzzy performance measures to the City
of London water supply system

Artificial-intelligence-based detection tests for the
identification of shifts and trends in Canadian hydrometric
data

Probabilistic assessment of urban runoff erosion potential

Continued on inside back cover / Suite au verso

Front cover: Aerial photo (taken July 1999) of the Annacis Island Wastewater Treatment Plant showing the completed secondary treatment facilities designed to treat wastewater from about one million people, with an average dry weather flow of 480 million litres per day (photo courtesy of Colin Jewall, when under assignment to the Greater Vancouver Regional District).

Page couverture : Photo aérienne (juillet 1999) de la station d'épuration des eaux usées de l'île Annacis qui montre les installations d'épuration secondaire conçues pour traiter les eaux usées d'environ un million de personnes, avec un débit moyen par temps sec de 480 millions de litres par jour (gracieusement fournie par Colin Jewall, lors de son affectation au district régional du Grand Vancouver).
