# AVIATION WEEK & SPACE TECHNOLOGY

## About the Cover

In October, Egyptian F-16s participated in ceremonies to commemorate the 65th anniversary of the country's air force, which has another 21 Fighting Falcons on order. The Middle East is set to continue as the largest regional market for arms exporters (see p. 62). Lockheed Martin photo by Nick Alvarado.

## HEADLINE NEWS

### Navy study tackles 21st century threats

Unmanned recon and strike aircraft would be launched from helicopter decks of small warships 32

### Navy weighs radical weaponry, aircraft

Miniaturized weapons and aircraft that fly in surface effect are among ideas evaluated 34

### Defense policy bill hostage to repair flap

Delayed bill addresses multitude of security matters, among them military operations and training 36

### Moldovan MiG-29s to fly for USAF

Biggest reason for obtaining front-line CIS aircraft is for tactics and training use 37

### Pentagon OKs two EELVs

Cites phenomenal growth in commercial demand for launches for picking two instead of just one 41

### Ariane orbit shortfall, booster loss assessed

On-board computer shut down cryogenic engine earlier than planned 42

### S-37 testbed evaluates new fighter concepts

New Sukhoi prototype configured with three surfaces: forward-swept wing, canards, conventional tail 46

### X-33 design gets go-ahead

Moves one step closer to first flight in July 1999 50

### Aerospike engine makes first flight

SR-71 carried rocket engine piggyback to test it under different flight conditions 52

Aviation Week's Web site offers selected articles from the current issue, as well as daily news updates, the Safety Resource Center, a gallery of photos and features from special issues. It's also a great jumping off spot for surfing to other aerospace sites. We're available on CompuServe, too; just GO AWG.

## AIR TRANSPORT

### 747 production resumes, but delays mount

Some fear assignment of engineers to production line support could slow developmental programs 53

### Boeing to drop MD-80/90 line

Will continue to build MD-11 trijet; defers decision on continued manufacturing of MD-95 54

### US Airways, ALPA reach labor accord

Guarantees pilots pay parity with competitors, clears way for acquisition of up to 400 Airbus aircraft 55

### Continental Airlines, pilots settle salary dispute

Would raise pay to industry standards, but big issues remain before final pact can be reached 56

### FAA seeks changes in ICAO safety efforts

Wants deadlines for inspection reports on members and for plans to correct problems 58

### Virgin A340 in emergency

Successful landing after left-hand main landing gear fails to deploy 59

42

46

37

**British Airways to unify French subsidiaries**

To help streamline operations, sustain plan to restore profits 60

**Trouble-free service entry for enhanced GPWS**

Installed on about 110 aircraft, in place on more than 10,000 flights 60

**FOCUS ON MIDDLE EAST**

**Gulf economies stretched by weapons purchases**

Region continues as top arms importer, but many purchases have been delayed; fewer are in offing 62

**Allies seen split on Middle East policy**

Joint strategic policy urged if allies are to protect interests there 66

**Regionals slow to start, while majors struggle**

Continue to face political obstacles, hostility of national flag carriers 69
