268 GENOMICS

Patenting humans

Claire Curran reports on the legal and moral mine-fields.

270 AFTERWORDS

272 PATENTS

274 AMERICAN CHEMICAL SOCIETY

Is chemistry catching up with nature?

Research from the ACS's latest annual meeting charts trends in both science and society, as Claire Curran reports.

277 ONCOLOGY

Cancer vaccines

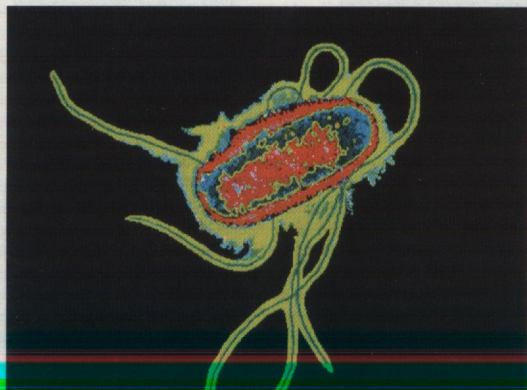

Surgery is the main weapon against cancer, but immunotherapy may be a more civilised option, as John Bonner reports.
