Photographs and Text by

RICK GOLT

Saudi Arabia is a land with an incredibly rich heritage, a land of proud and strong people, a land of great natural beauty and immense variety. This book is a collection of photographs and narratives by an American artist and photographer who travelled thousands of miles throughout the Kingdom. Mr. Golt found a world that is indeed known to only a very few. This is a world of castles and fortresses, villages and watchtowers; it is the grandeur of the desert and mountains, the sand and rock: the very forge upon which for centuries the Saudi character has been formed. The book is his artistic impression of the glory of Saudi Arabia and its cultural heritage. It is a personal book that allows the reader an intimate view of the beauty and legacy of this fabled kingdom . . .
