Walter Hain

E & FN SPON

An Imprint of Chapman & Hall

London · Glasgow · Weinheim · New York · Tokyo · Melbourne · Madras

Contents

vi	Acknowledgements		
1	1 Introduction		
1	1.1 Aims		
2	1.2 The laboratory as a building type		
5	1.3 Regulations and standards		
6	1.4 The brief		
9	1.5 Initial procedures in planning laboratories		
13	2 Laboratory spaces		
13	2.1 The laboratory space		
22	2.2 Ancillary spaces		
31	2.3 Storage areas		
32	2.4 Workshops		
32	2.5 Animal areas		
35	2.6 Circulation		
37	3 Fitting out laboratory spaces		
37	3.1 Support systems		
40	3.2 Services spines and bridges		
42	3.3 Laboratory furniture		
49	3.4 Fume cupboards and hoods		
53	4 Laboratory equipment		
53	4.1 Categories		
53	4.2 Range of equipment		
59	5 Laboratory services		
59	5.1 Concepts and strategies		
61	5.2 Mains supplies		
61	5.3 Bench services		
65	5.4 Drip cups and wastes		
68	5.5 Drains		
68	5.6 Power, lighting and communications		
70	5.7 Safety, security and safeguarding of work and specimens		
74	5.8 Environmental services		
79	6 The building fabric		
79	6.1 General		
79	6.2 Partitions		
81	6.3 Doors		
81	6.4 Floor finishes		
82	6.5 Ceilings		
82	6.6 External envelope		
82	6.7 Builder's work in connection		
84	6.8 Builder's work ducts		
84	6.9 Fire compartment penetrations		
85	7 The design team		
85	7.1 Members of the team		
85	7.2 Responsibilities		
86	7.3 How the team functions		
86	7.4 Programmes		
86	7.5 Design team meetings		
87	Technical supplements		
88	TS1 Radioactive lab classification		
89	TS2 Containment of dangerous pathogens		
90	TS3 Laboratory containment facilities for genetic manipulation		
91	TS4 Microbiological safety cabinets		
92	TS5 Clean rooms		
94	TS6 Initial questionnaire for laboratory projects		
95	TS7 Room data sheet		
96	TS8 Laboratory furniture performance specification		
100	TS9 Lab furniture menu		
107	TS10 Lab furniture suppliers		
108	TS11 Fume cupboard criteria		
109	TS12 Fume cupboard schedule		
110	TS13 Fume cupboard performance specification		
113	TS14 Schedule of taps and valves		
114	TS15 Bench outlets: colour code chart		
115	TS16 Services into each lab module		
116	TS17 A servicing concept for research laboratories		
120	TS18 Chemical resistance chart		
123	TS19 Radioactive shielding		
124	TS20 Fire extinguishers		
125	TS21 Scientific disciplines		
127	TS22 External design temperatures		
130	TS23 Conversion data		
131	Further reading		
132	Index
