# LA REPROGRAMMATION NEURO-MOTRICE

sous la direction de  
J. PÉLISSIER

615-29-1

  
MASSON

# CONTENTS

FOREWORD .....	V
----------------	---

## FUNCTIONAL RECOVERY BASIS

Mechanisms underlying functional recovery in the nervous system, by R. KATZ .....	1
Inborn and acquire motor programming, by J. MASSION .....	8
Neurophysiological evidence of memory traces and plasticity after spinal cord transection, by P. DENYS, O. RÉMY-NÉRIS, M. MANE, I. MONTEIL, B. BUSSEL .....	21
Functional recovery and learning after central nervous system lesion. Dynamical approach, by A. ROBY-BRAMI, O. RÉMY-NÉRIS, B. BUSSEL .....	25
The interest of positron emission tomography (PET) for the study of cerebral functional reorganization in recovery from ischaemic stroke, by PH. AZOUVI, M. MANE, P. DENYS, A. FONTAINE, B. BUSSEL .....	30
Neuromotor program and perinative lesions, by Ph. LACERT .....	35
Psychomotor re-programming in the elderly, by B. POLLEZ, J.P. DANÈS, B. JUMENTIER, A. THEVENON .....	40

## ORTHOPAEDIC FUNCTIONAL RECOVERY

### 1. Technological references

Herman Kabat's proprioceptive neuromuscular facilitation. Theory and techniques as applied to orthopaedic reeducation, by E. VIEL .....	51
The most effective use of proprioceptive stimulations, by J.C. GARROS .....	55
Proprioceptive neuromuscular facilitation and force training, by M.A. MAYOUX-BENHAMOU, M. REVEL, S. POIRAUDEAU .....	63

### 2. Lower limb and locomotion

Proprioceptive rehabilitation of foot and ankle functional instability, by M. PEYRE, F. MINCHIN, J. RODINEAU .....	70
Proprioceptive exercises and patellar syndrome, by J. AUCLAIR, P. VOLCKMANN, M. VION, R. LAFAYE DE MICHEAUX, P. CHARLOPAIN .....	75
Neuro-muscular rehabilitation in non-surgical treatment of knee sprains, by J. DE LECLUSE, J. RODINEAU, M. PEYRE, F. SABOURIN .....	80
Proprioceptive exercises after surgery of knee sprains, by F. SABOURIN, J. RODINEAU, C. ECKSTROM-MONTUCLARD .....	84

### 3. Upper limb and gripping

Sensory motor reprogramming of shoulder joint instabilities, by Ph. CODINE, M. POCHOLLE .....	90
Neuromuscular rehabilitation after surgical repair, by N. KOTZKI, N. ALMERAS, J. VILLY, J. PELISSIER .....	98

Stiffness of the wrist: re-program the function, by M. ROMAIN, Ph. ROURE, P. A. DURAND, S. DUPUY, D. PRAT-PRADAL, J. BOSSY .....	106
The replanted hand, by M.N. THAURY, C. CAUQUIL, F. STER, M. CHAMMAS, F. CANOVAS, Y. ALLIEU .....	113
Prosthetic management and training of complete hand and fore arm deficiencies, by M.N. THAURY, C. CAUQUIL, B. BOUZIGUES, Y. ALLIEU, F. STER .....	121

#### 4. Spine

Proprioceptive neuromuscular facilitation and low back pain, by S. POIRAUDEAU, M. REVEL, M.A. MAYOUX-BENHAMOU .....	128
Neuro-muscular reprogramming in treatment of low back pain, by J. LECOCQ, J. DUBAA, Ph. VAUTRAVERS .....	133
Useful aspects of proprioceptive rehabilitation of low back pain sufferer, by M. ROMAIN, S. DUPUY, D. DIJOUX .....	145
Cervicocephalic reprogramming and neck pain, by M. REVEL, M.A. MAYOUX-BENHAMOU, S. POIRAUDEAU .....	147
Idiopathic scoliosis and proprioceptive rehabilitation, by B. BIOT, M. STORTZ .....	152

#### MANAGING RECOVERY IN HEMIPLEGIA

Bobath and rehabilitation of postural balance, by V. BRUN, J. PÉLISSIER, G. DHOMS, G. HENRION, M. ENJALBERT, P. CODINE, H. FOUNAU .....	157
Rehabilitation of gripping in hemiplegia: myth or reality, by M. ENJALBERT, J. PÉLISSIER .....	163
From concept to practise of Perfetti's method, by R. TUFFERY, M. CHATAIN, C.F. ROQUES .....	172
Sensory-motive rehabilitation in hemiplegia. Indications and limits of different information ways, by J. LION, J.L. LE GUET .....	179
Preliminary study of an hemineglect reeducation method by trunk guided orientation (Bon Saint Come orthosis), by L. WIART, A. BON SAINT COME, H. PETIT, X. DEBELLEIX, J.M. MAZAUX, M. BARAT .....	182
