|---|---|---|
| **Preface** | | **xi** |
| **Preface to the Fourth Edition** | | **xv** |
| **Acknowledgements** | | **xvi** |
| **PART 1: FUNDAMENTALS** | | **1** |
| **A** | **Background Concepts – A Review** | **3** |
| | A1 The computer | 3 |
| | A2 Keyboard and screen | 4 |
| | A3 Printers | 5 |
| | A4 Backing storage devices | 6 |
| | A5 The program specification | 9 |
| | A6 The COBOL compiler | 11 |
| | Answers – Section A | 14 |
| **B** | **COBOL Essentials** | **17** |
| | B1 COBOL syntax | 17 |
| | B2 Coding rules | 20 |
| | B3 Name formation and punctuation | 22 |
| | B4 Literals and figurative constants | 23 |
| | Answers – Section B | 25 |
| **C** | **The Arithmetic Verbs** | **29** |
| | C1 The PROCEDURE DIVISION – ADD and SUBTRACT | 29 |
| | C2 MULTIPLY and DIVIDE | 32 |
| | C3 COMPUTE | 34 |
| | C4 SIZE ERROR | 36 |
| | Answers – Section C | 39 |
| **D** | **Transfer of Control** | **42** |
| | D1 Simple conditional statements | 42 |
| | D2 The PERFORM verb | 43 |
| | D3 The PERFORM UNTIL | 44 |
| | D4 Nested PERFORMs | 46 |

D5 The GO TO statement 47
Answers – Section D 48

**E The DATA DIVISION 50**
E1 Introduction 50
E2 The FILE SECTION 52
E3 Data description entries 54
Answers – Section E 56

**F Further DATA DIVISION Entries 59**
F1 The WORKING-STORAGE SECTION 59
F2 The PICTURE clause – numeric pictures 61
F3 The PICTURE clause – edited items 64
F4 Practical exercise Part 1 68
Answers – Section F 69

**G File Handling and Moving Data in Memory 71**
G1 OPEN and CLOSE 71
G2 READ and WRITE 73
G3 Writing records to a printer 75
G4 MOVE 76
G5 Practical exercise Part 2 80
Answers – Section G 81

**H Redefinition, Subscripts 84**
H1 Redefinition 84
H2 OCCURS and subscripts 86
Answers – Section H 90

**I More about Conditions and the PERFORM Statement 92**
I1 Conditional expressions 92
I2 Simple and compound conditions 93
I3 Compound operators and negation 95
I4 The negating of compound conditions 96
I5 Nested IF statements 98
I6 Introducing the EVALUATE statement 100
I7 The PERFORM VARYING 101
Answers – Section I 104

**J IDENTIFICATION and ENVIRONMENT DIVISIONS 107**
J1 The IDENTIFICATION DIVISION 107
J2 The ENVIRONMENT DIVISION 108
J3 An example program specification 110
J4 Program debugging 113
Answers – Section J 115

**PART 2: PROGRAMMING IN COBOL** **117**

**K Structured Programming Constructs** **119**
K1 Good program design 119
K2 Structured programming 120
K3 The three basic control structures in COBOL 124
K4 Other types of selection 126
K5 The case construct 127
K6 Design for testing 128
Answers – Section K 129

**L Structured Program Design** **131**
L1 Evolving the design 131
L2 Data structures and program structures 132
L3 Deriving program structures – the hierarchical approach 133
L4 The nested approach – Structured English 139
L5 The 'Do . . . whenever' 142
L6 Multiple input files 143
Answers – Section L 145

**M Documentation** **148**
M1 Program documentation 148
M2 Identification Division entries 149
M3 Data Division entries 150
M4 Procedure Division entries 152
Answers – Section M 153

**N Program Testing** **155**
N1 Aim of functional testing 155
N2 Minimally thorough testing 157
N3 Other tests 158
N4 Self-auditing programs 160
Answers – Section N 161

**O String Handling Techniques** **163**
O1 String handling 163
O2 Reference modification 164
O3 INSPECT 166
O4 STRING 168
O5 UNSTRING 172
Answers – Section O 174

**P Programming Interactive Dialogues** **177**
P1 General guidelines 177
P2 The menu dialogue 179
P3 State transition tables 182

P4 State table to control dialogue progress 184
Answers – Section P 188

**Q Table Manipulation 190**
Q1 Table look-up 190
Q2 Table organisation 192
Q3 The binary or logarithmic search 193
Q4 SEARCH 195
Q5 Multi-dimensional tables 196
Answers – Section Q 198

**PART 3: FURTHER COBOL 201**

**R Further General Features 203**
R1 COPY and the source library 203
R2 Debugging aids 204
R3 Operator communication 205
R4 Condition names 206
R5 STOP RUN 208
R6 INITIALIZE 208
R7 Further use of EVALUATE 209

**S The Report Writer 211**
S1 Background 211
S2 A typical report: FD of a report file 212
S3 The REPORT SECTION 213
S4 Procedure Division entries 215
Answers – Section S 216

**T Direct Access Files 217**
T1 Disks and disk drives 217
T2 Sequential file organisation 218
T3 Direct access by RELATIVE KEY 221
T4 Indexed files 223
T5 ALTERNATE indexes 227
T6 FILE STATUS 228
T7 Variable-length records 229
Answers – Section T 230

**U Subprograms and Nested Programs 232**
U1 The object program library 232
U2 The CALL statement 233
U3 The called subprogram 235
U4 Nested programs 238
Answers – Section U 243

**V Sorting** **245**
V1 Sorting concepts 245
V2 Major and minor keys 246
V3 The SORT verb 247
V4 Own coding – first pass 248
V5 Own coding – last pass 250
V6 Other file organisations 251
V7 The MERGE verb 251
Answers – Section V 251

**W Intrinsic Functions** **254**
W1 COBOL 89 254
W2 Date functions 255
W3 MAX/MIN functions 259
W4 Statistical functions 262
W5 Trigonometric and log functions 266
W6 String/character functions 267
W7 Financial functions 271
W8 The LENGTH function 274
Answers – Section W 275

**APPENDICES** **279**

Appendix A: Example Program 281
Appendix B: A Selection of Practical Exercises 293
Appendix C: COBOL 85 Reserved Words 297
Appendix D: ANS COBOL 85 Language Formats 301

**INDEX** **329**
