JOURNAL OF THE OPERATIONAL RESEARCH SOCIETY

## Contents

VOLUME 39 NUMBER 12

DECEMBER 1988

|   |   |
|---|---|
| Editorial   | 1071  |
| Notice to Subscribers                                       | 1072  |
| <i>Presidential Address</i><br>J. C. Ranyard                | 1073 A history of OR and computing  |
| <i>General Papers</i><br>Malcolm King                       | 1087 A framework for teaching OR techniques   |
| Luiz Fernando Loureiro Legey<br>and Saul Fuks               | (1095) Critique of a materialist analysis of operational research                                       |
| <i>Case-oriented Papers</i><br>Mao Qing and C. Mar Molinero | (1101) Provision for non-compulsory education in Southampton  |
| Philip R. Race and Richard C. Thomas                        | 1113 Rule induction in investment appraisal   |
| <i>Theoretical Papers</i><br>Neal M. Bengtson               | 1125 Using operational analysis in simulation: a queueing network example                               |
| Oded Berman and Beth Jewkes                                 | 1137 Optimal M/G/1 server location on a network having a fixed facility                                 |
| F. Güder  | 1147 An iterative LP algorithm for quadratic spatial equilibria   |
| John P. Matthews  | 1155 The optimality of the 'zero-switch' rule for a class of economic lot-scheduling problems           |
| Edward F. Stafford  | 1163 On the development of a mixed-integer linear programming model for the flowshop sequencing problem |
| <i>Technical Note</i><br>Brian Moores                       | 1175 A note on degeneracy in integer linear programming problems  |
