CONTENTS — СОДЕРЖАНИЕ

<i>V. A. Andrienko</i> , On the rate of Cesàro summability of orthogonal series.....	263
<i>F. Móricz</i> , On the maximum of the rectangular partial sums of double trigonometric series with nonnegative coefficients	283
<i>T. X. Hgyen Txu</i> , Оператор $D(D^2+1^2)...(D^2+n^2)$ и тригонометрическая интерполяция..	291
<i>S. A. Settu</i> , Approximation of continuous functions by $F(a, q)$ means	307
<i>I. Szalay</i> , On the strong Cesàro summability of double series	321

HU—ISSN 0133—3852

31. III. 1989.
