## CONTENTS

- |  |     |  |
|--|-----|--|
| <b>H. A. van der Sloot</b>   | 751 | Editorial  |
| <b>T. Sasao</b>  | 753 | An estimation of the social costs of landfill siting using a choice experiment   |
| <b>N. Mora-Naranjo, J. A. Meima, A. Haarstrick, D. C. Hempel</b>                         | 763 | Modelling and experimental investigation of environmental influences on the acetate and methane formation in solid waste           |
| <b>F. Adani, F. Tambone, A. Gotti</b>  | 775 | Biostabilization of municipal solid waste  |
| <b>R. Guérin, M. L. Munoz, C. Aran, C. Laperrelle, M. Hidra, E. Drouart, S. Grellier</b> | 785 | Leachate recirculation: moisture content assessment by means of a geophysical technique  |
| <b>D. J. van der Zee, M. C. Achterkamp, B. J. de Visser</b>                              | 795 | Assessing the market opportunities of landfill mining  |
| <b>G. F. Huang, J. W. C. Wong, Q. T. Wu, B. B. Nagar</b>                                 | 805 | Effect of C/N on composting of pig manure with sawdust   |
| <b>Y.-J. Kim, M. Osako</b>   | 815 | Investigation on the humification of municipal solid waste incineration residue and its effect on the leaching behavior of dioxins |
| <b>Y. J. Park, J. Heo</b>  | 825 | Corrosion behavior of glass and glass-ceramics made of municipal solid waste incinerator fly ash                                   |
| <b>R. D. Lisi, J. K. Park, J. C. Stier</b>   | 831 | Mitigating nutrient leaching with a sub-surface drainage layer of granulated tires   |
