# AVIATION WEEK & SPACE TECHNOLOGY

## About the Cover

A Bell 430 flies past spectacular natural limestone arches near Etretat, France, in the Seine Estuary. The helicopter, certificated in February, 1996, uses the same 4-blade main rotor system planned for the U.S. Marine Corps. AH-1W Super Cobra upgrade. Photo by Dennis Murphy.

### HEADLINE NEWS

#### General aviation revival evident at EAA show

New technologies for faster, more efficient and affordable light aircraft abound at Oshkosh 22
