AVIATION WEEK & SPACE TECHNOLOGY

About the Cover

Learjet Inc.'s Model 45 lightweight business jet represents the company's first new design in 30 years (see pilot report, p. 52). The aircraft is a successor to the Model 35/36-series that has been out of production since 1992. Photo by Paul Bowen.

Air crashes mar 1997 safety record

Cohen orders 24-hr. suspension of U.S. training flights 31

German, U.S. aircraft crash off African coast

U.S. and South African aircraft with infrared sensor and all-weather flight capabilities search for debris 31

Lockheed Martin tests JSF propulsion system

Design can provide adequate airflow to the engine throughout projected flight test envelope 32

Hughes to supply RAF with reconnaissance pods

Will replace film-based system 33

NASA defends Mir flights as shuttle readied

To garner support for continued U.S. astronaut flights to station 34

Congressional leader urges end to astronaut stays on Mir

Wants NASA to reconsider plan for launch this week 37

B-2's durability faces foreign test

Goal is to quell criticism that aircraft cannot maintain stealthy signature except near home base 82

F-22 tests cut short

After built-in test showed faulty valve in landing gear area 84

MGS begins Mars mission by finding magnetic field

Sensitive magnetometer also was able to measure interaction of solar wind with Mars magnetosphere 87

Pentagon to spend big on NMD testing

BMDO to add up to eight flight tests to the 13 scheduled 88

AIR TRANSPORT

U.S. and Japan near new air services pact

New route rights, code-sharing for both nations' airlines are on table 38

Aviation panel urges overhaul of FAA

Says U.S. air transportation system faces airport, airspace 'gridlock' 39

America West picks Airbus

In effort to renew fleet and gain growth capacity 40

CIA aids FBI probe of TWA Flight 800

Finds no evidence that 747 was downed by a missile 42

Shortages delaying Boeing deliveries

Snag rapid production ramp-up 45

Boeing sues airline over broken contract

After US Airways drops plan to buy \$2 billion worth of 737s and 757s 46

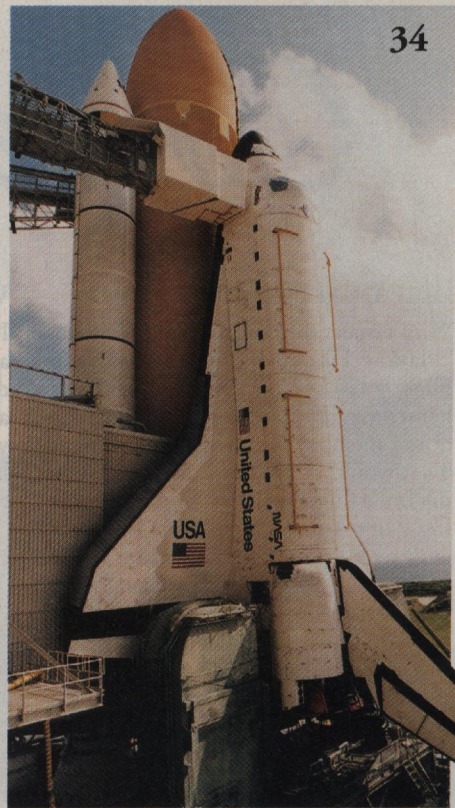

Startup wins battle to offer new competition in Australia

Pact reached to provide Aussie Airlines with terminal space 47

MIDDLE EAST AEROSPACE OUTLOOK

Strategic tensions fuel weapons trade

Strong oil demand seen raising Middle East's military importance among energy-hungry rivals 48

LEARJET 45 PILOT REPORT

Efficiency, value key to Learjet 45 design
First all-new Learjet in 30 years fills a gap between 31A and larger 60 52

NBAA '97 PREVIEW

Business flying shows new confidence
Industry officials optimistic, but political, operational issues loom 60

Low cost key to fractional ownership
Rapidly becoming affordable alternative to acquiring new aircraft 63

Asian market poised for long-term growth
Inadequate infrastructure, government indifference remain blocks 66

Economic growth fuels rise in European business flying
Many operators interested in acquiring new and larger aircraft 69

Epic avionics in flight test
First delivery set for mid-1998 70

Collins emphasizes cockpit graphics
Joy sticks or track balls may be part of system for corporate aircraft 71

Aviation Week's Web site offers selected articles from the current issue, as well as daily news updates, the Safety Resource Center, a gallery of photos and features from special issues. It's also a great jumping off spot for surfing to other aerospace sites. We're available on CompuServe, too; just GO AWG.

Learjet 45 avionics include EICAS display
First application in a lightweight business jet 72

SPACE TECHNOLOGY
Commercial satellites zoom in on military imagery monopoly
Could set new paradigms for how U.S. procures and tasks spacecraft 75

AVIONICS
'Smart skin' antenna improves quality of communications
Increases range, quality of radio transmissions from aircraft 79

F-16 upgrades include color displays, mission computer
Part of F-16A/B Mid-Life Update program for European customers 79

INTERNATIONAL PRODUCT NEWS

Latest fire detection system offers active reaction, flexibility
Air Faspak allows airlines to tailor the system to suit their preferences 90

USAF receives first of new cargo loaders
60,000-lb.-capacity transporter can carry a full load at up to 23 mph. 90
