

Volume 14, Number 1, 1990

ISSN 0097-8493

Double

computers & graphics

an international journal
of applications
in computer graphics

Editor-in-Chief: J. L. Encarnação

In this issue the special topic is

COMPUTER GRAPHICS IN PORTUGAL
Guest Editor: Mário Rui Gomes

Published by PERGAMON PRESS · New York · Oxford · Beijing · Frankfurt
São Paulo · Sydney · Tokyo · Toronto

Computers & Graphics, Vol. 14, No. 1, 1990

Contents (Contd)

Ute Claussen 73 On reducing the Phong shading method

Technical Section

**P. J. W. ten Hagen,
I. Herman
and J. R. G. de Vries** 83 A dataflow graphics workstation

D. J. Walton and D. S. Meek 95 Clothoidal splines

Short Technical Notes/Tutorials/Systems

Alan R. Dennis 101 An overview of rendering techniques

Klement Kornél 117 2D and 3D Perspective transformations

Chaos and Graphics

Michael Michelitsch 125 Color maps generated by "trigonometric iteration loops"

John Dewey Jones 127 Three unconventional representations of the Mandelbrot set

**Mark A. Motyka and
Clifford A. Reiter** 131 Chaos and Newton's method on systems

Frank Davidoff 135 Dynamic fractals

137 *Letters to the Editor*

Announcements

Georges Grinstein 139 New section: Book and video review

141 Eurographics '90—Call for participation

144 Eurographics '91

145 3D Imaging in medicine—Call for participation, NATO advanced research workshop

I Software Survey Section

An International Journal

Contents

Vol. 14, No. 1, 1990

In this issue the special topic is
COMPUTER GRAPHICS IN PORTUGAL
Guest Editor: Mário Rui Gomes

- Softstrip data strips containing the table of contents
- Yining Zhu, Qunsheng Peng** 1 *Computers & Graphics Best Paper Award (1988–1989)*
and **Youdong Liang**
- Mário Rui Gomes** 5 *Computer Graphics in Portugal*
Guest Editor's introduction
Computer graphics in Portugal
- Manuel João Próspero** and 7 On programming an interactive graphical application in
Paulo Jorge Pereira logic
- F. Mário Martins** and 17 Archetype-oriented user interfaces
J. Nuno Oliveira
- João Pedro Sousa, Cristina** 29 An object-oriented specification tool for graphical in-
Sernadas and **Amílcar** terfaces
Sernadas
- Carlos Amaral, João Bernardo** 41 Marker-making using automatic placement of irregular
and **Joaquim Jorge** shapes for the garment industry
- F. Nunes Ferreira,** 47 3D Graphics developments and research at INESC.Norte
A. Cardoso Costa,
A. Augusto Sousa
and **V. Afonso Branco**
- J. Pöpsel** and **Ch. Hornung** 55 *Eurographics '89 Award Papers*
Highlight shading: Lighting and shading in a PHIGS+/
PEX-environment
- Hau Xu, Qun-Sheng Peng** and 65 Accelerated radiosity method for complex environments
You-Dong Liang
