

EUROPEAN JOURNAL OF MECHANICS

B/FLUIDS

2003 VOL. 22 □ N° 2

March-April

EUROPEAN JOURNAL OF MECHANICS

B/FLUIDS

An official medium of publication for EUROMECH "European Mechanics Society"

Eur. J. Mech. B - Fluids, 22, n° 2, 2003

C. Pozrikidis	On the relationship between the pressure and the projection function in the numerical computation of viscous incompressible flow	105
P. D. Weidman V. Putkaradze	Axisymmetric stagnation flow obliquely impinging on a circular cylinder	123
F. Sharipov	Application of the Cercignani-Lampis scattering kernel to calculations of rarefied gas flows. II. Slip and jump coefficients	133
F. Sharipov	Application of the Cercignani-Lampis scattering kernel to calculations of rarefied gas flows. III. Poiseuille flow and thermal creep through a long tube	145
C. Hartmann A. Delgado	Mechanical load on a particle aggregate in mono-axial elongational flow	155
J. M. Monterano	Linear dynamics of axisymmetric liquid bridges	167
I. M. Hall A. P. Bassom A. D. Gilbert	The effect of fine structure on the stability of planar vortices	179
	Book reviews	199
