2003 VOL. 22 □ N° 5
September-October

EUROPEAN JOURNAL OF MECHANICS

B/FLUIDS

An official medium of publication for EUROMECH "European Mechanics Society"

Eur. J. Mech. B - Fluids, 22, n° 5, 2003

A. Schouwenburg	Publisher's note	409
S. Le Dizès	Modal growth and non-modal growth in a stretched shear layer	411
R. Mallier	Interactions between pairs of oblique waves on a mixing layer	431
A.M. Frank	3D numerical simulation of regular structure formation in a locally heated falling film	445
D.A.S. Rees A.P. Bassom I. Pop	Forced convection past a heated cylinder in a porous medium using a thermal nonequilibrium model: boundary layer analysis	473
P. Degond M. Lemou J.L. López	A kinetic description of anisotropic fluids with multivalued internal energy ...	487
V.A. Vladimirov H.K. Moffatt P.A. Davidson K.I. Ilin	On the stability of a rigid body in a magnetostatic equilibrium	511
	Book reviews	525
