RICHARD M. MCGARRY

ACKNOWLEDGMENTS

Several people made significant contributions to the creation of this book. Wendy Lochner, my editor at Van Nostrand Reinhold, patiently guided and refined the book from concept through publication; and Greg Madsen, an associate at Richard M. McGarry Inc., created an excellent book design and composed the mechanicals for final print production. Lou and Steve Litzman, the father-and-son team at Photo Arts of Miami, did all the camera work in preparing the drawings for publication.

I would also like to thank several fellow artists and designers who have helped me develop my talent over the years: John Adams, Juan Corbella, Bill Hinnant, Ann Irvine, Martin Kanigsberg, Paul Kenson, and Rick MacDonald. Likewise, I am grateful to my clients, whose discerning critiques and frantic deadlines challenge me to continuously improve my work.

And a special thanks to Stephen Nevitt. His encouragement and support made this book possible.
