Preface .....	v
Foreword to the English-Language Version .....	vii
Editors, Writers, Collaborators, and Assistants .....	ix
<b>Part I Asia by Theme .....</b>	<b>1</b>
<b>Chapter 1 Accelerated Industrialization and Explosive Urbanization .....</b>	<b>3</b>
1. East Asia at a Critical Juncture .....	4
2. Review of Economic Growth in East Asia .....	4
3. Accelerated Industrialization .....	5
4. Explosive Urban Growth .....	6
5. Asia Joins the Mass Consumption Society .....	7
6. Mounting Costs of Pollution and Environmental Problems .....	7
7. Summation: Qualitative Shift in Economic Growth .....	7
Essay Expanding Use of Nuclear Power and Increasing Risks in Asia .....	8
<b>Chapter 2 The Accelerating Car Culture .....</b>	<b>9</b>
1. Motor Vehicle Pollution in Bangkok .....	10
2. Motor Vehicles and Urban Air Pollution .....	11
3. Challenges of Motorization: The Perspective from Japan's Postwar Experience .....	12
4. Motor Vehicle Pollution in Asian Countries .....	15
5. Conclusion: Petroleum Consumption and Global Warming .....	16
Essay The Hazards of Airborne Particulates .....	18

Chapter 3 Pollution and Health Damage .....	19
1. Introduction: Compound and Diverse Pollution .....	20
2. Pollution Diseases in Developing Asian Countries .....	20
3. Multiple Pollutant Health Damage: Onsan, South Korea .....	20
4. Widespread Groundwater Contamination .....	21
5. Internationalization of Problems: Involvement of Developed Countries .....	23
6. Invisible Pollution Diseases .....	23
7. Summation: How Useful Are Japan's Experiences and Lessons? .....	24
Essay The Original Pollution Disease: Lessons of Minamata Disease .....	25
 Chapter 4 Conservation and Use of Biodiversity .....	 27
1. Introduction: Biodiversity as an Environmental Issue .....	28
2. Conservation of Biodiversity in Asia .....	28
3. Eco-Farming in China .....	30
4. Wet Rice Aquaculture in Malaysian Rice Paddies .....	33
5. Summation .....	34
Essay 1 Per Capita Natural Resources in China .....	35
Essay 2 Asia's Wetlands and Rice Paddies .....	35
 <b>Part II Asia by Country and Region .....</b>	 <b>37</b>
 Chapter 1 Japan .....	 39
1. Introduction .....	40
2. Brief History of Environmental Problems in Postwar Japan .....	40
3. Development of Environmental Law and Policy .....	42
4. Japan's Environmental Policy: Characteristics and Lessons .....	44
5. What the Future Holds .....	47
6. Summation .....	49
